

SkillCheck Professional Plus

What's the difference between SkillCheck Professional and SkillCheck Professional Plus?

- ✓ Both *SkillCheck Professional* and *SkillCheck Professional Plus* provide fully interactive testing on software applications (Word, Excel, WordPerfect, Lotus, etc) as well as knowledge-based testing in areas such as office skills, accounting, call centre, light industrial, food services, programming and more.
- ✓ *SkillCheck Professional Plus* adds access to over 7,000 fully validated, interactive test questions in a test item library. With the *SkillCheck Professional Plus* test making capability, testing can be precisely matched to job requirements.
- ✓ As can be seen in the table on the right, test items in the four most commonly used Microsoft Office versions totals over 3,350 individual items including Microsoft Office 2007 – but only for those using *SkillCheck Professional Plus*.
- ✓ Only *SkillCheck Professional Plus* has this extensive flexibility enabling end users to customise their testing system to match job requirements, training curricula or other benchmarks used for skill testing.

It is this power that ensures that *SkillCheck Professional* continues to be the world's leader in skill testing technology.

SkillCheck Professional assessments are available individually or in a variety of money-saving packages.

Only *SkillCheck Professional* has skill testing delivery choices including standalone PCs, via your network or the Internet.
