

## SkillCheck Professional versus SkillCheck Professional Plus...

- ✓ Both *SkillCheck Professional* and *SkillCheck Professional Plus* provide interactive testing on software applications (Word, Excel, WordPerfect, Lotus, etc) as well as knowledge-based testing in areas such as office skills, accounting, call centre, light industrial, food services, programming and more.
- ✓ *SkillCheck Professional Plus* adds access to over 9,000 fully validated, interactive test questions in a test item library. With the *SkillCheck Professional Plus* test making capability, testing can be precisely matched to job requirements.
- ✓ As can be seen in the table on the right, test items in Microsoft Office totals over 4,000 individual items – but only for those using *SkillCheck Professional Plus*.
- ✓ Only *SkillCheck Professional Plus* has this extensive flexibility enabling end users to customise their testing system to match job requirements, training curricula or other benchmarks used for skill testing.

It is this power that ensures that *SkillCheck* continues to be the world's leading skill testing technology.

*SkillCheck* assessments are available individually or in a variety of money-saving packages.

Only *SkillCheck* can offer skill testing delivery choices including standalone PCs, via your network and via the Internet.
